

Future Market Middle East and North Africa

Premiere for GIFA and METEC Middle East Africa

In two months' time, the four newcomers GIFA Middle East Africa, METEC Middle East Africa, wire Middle East Africa and Tube Middle East Africa will celebrate their premiere at the Egypt International Exhibition Center in Cairo/Egypt.

From 2 to 4 September 2023, technological highlights from the individual trade fair sectors will be presented as part of the established Egyptian trade fair METAL & STEEL EGYPT.

AGEX (*Arabian German Exhibitions & Publishing Ltd*) has already been organising the successful METAL & STEEL EGYPT since 2010, which offers a comprehensive range of machinery, equipment and products from the steel and metal industry for the Middle East and North Africa.

For the eagerly awaited trade fair quartet already 55 exhibitors from 13 countries have registered. They will occupy an area of 1,032 square metres. Registrations for all four events are still possible.

For GIFA and METEC Middle East Africa, Sarah Möller is looking forward to receiving your registration at MoellerS@messe-duesseldorf.de, Cem Bagci and Patrick Hayek are accepting registrations for wire and Tube Middle East Africa at BagciC@messe-duesseldorf.de and HayekP@messe-duesseldorf.de.

"With Egypt, the Middle East and North Africa, we offer many of our customers new, promising regions. Investing here can be a decisive step towards sustainability for a company", add Malte
